in Education

See something Say something in Education is an online reporting tool for students in the West Midlands to anonymously report anti-social behaviour (ASB) on the bus, train or Metro to make their journey, and everyone else's, more pleasant.

See something that stops you from enjoying your journey?

Scan the QR code or visit www.education.safertravel.info/see-something-say-something and fill out the report form.

Your report is sent to the Safer Travel Partnership and dealt with accordingly.

Working in partnership with you we aim to:

1. Reduce anti-social behaviour on the public transport network in the West Midlands
2. Make people feel safer when using public transport
3. Achieve a sustainable change in behaviour at peak times on the network

Anti-social behaviour is anything that causes nuisance or annoyance to other passengers, impacting negatively upon their journey.

Do you want to help REDUCE anti-social behaviour on public transport?

Do you want to IMPROVE safety and make public transport a more attractive alternative to the car?

Then contact safetraveleducation@centro.org.uk or call 0121 214 7271 for more information.

**Students in the West Midlands!
Public transport is a great way to travel!**

Anti-social behaviour is anything that causes nuisance or annoyance to other passengers, impacting negatively on their journey. If something is stopping you from enjoying your journey, then tell us by either scanning the QR code or visiting:

www.education.safertravel.info/see-something-say-something

This is a non emergency reporting service and works in partnership with educational establishments, students and the Safer Travel Partnership to help tackle ASB on the bus, train and Metro. In an emergency please dial 999 and ask for the police.
